

Cyber Essentials Certification

Make your World a safer place with Secarma. Go Beyond Compliance. Build Real Security.

Secarma's Cyber Essentials service takes an alternative approach to this well established standard. Alongside achieving a certificate, we empower businesses to truly understand and improve their security posture.

Business Benefits

Enhanced security:

Implement essential security controls that protect against 80% of common cyber threats.

Improved reputation and competitive advantage:

Build trust with customers, partners, and suppliers and differentiate yourself as a certified business.

Compliance with regulations and government contracts:

Align with data protection regulations like GDPR and open the door to key government contracts.

Cost-effective security:

Get a baseline level of security at a reasonable cost and gain discounts from insurance providers.

Foundation for further security measures:

Use as a stepping-stone for implementing more comprehensive security frameworks like ISO 27001.

Why Choose Secarma's Cyber Essentials Service?

Secarma simplifies what can be a confusing and overwhelming process with hands-on guidance, multiple assessment reviews, and personalised support every step of the way.

Key Benefits:

➤ Expert Personalized Guidance:

Hands-on and tailored support that educates, advises and addresses specific vulnerabilities.

➤ Multiple Reviews & Remediation Support:

Multiple assessment reviews to identify and fix weaknesses, highlighting and remediating.

➤ Streamlined Process:

We simplify the journey, making it clear, efficient and manageable, to minimize business disruption.

➤ Focus on Long-Term Security:

Our service includes ongoing support and development, to help build sustainable security cultures.

➤ Value for Money and peace of mind:

Value-driven service protecting from costly cyber threats and giving confidence to focus on business.

Select the Right Certification Level for Your Needs

Choose the level of security validation that best suits your businesses needs and risk profile:

Cyber Essentials Basic

Cyber Essentials Basic is a cost-effective starting point for building a solid cybersecurity foundation.

Benefits:

- Understand security strengths/weaknesses.
- Online process with expert feedback.
- Cost-effective first step to robust cyber security.
- Demonstrate your commitment to security

Features:

Assessment Type: Self-Assessment
Validation: Self-Declared
Assurance Level: Foundational
Best for: Initial Security Steps

Cyber Essentials Plus

Plus builds on the foundation of Basic with hands-on testing that validates the effectiveness of your controls.

Benefits:

- Enhanced assurance through hands-on testing.
- Higher level of commitment to cyber security.
- Addresses more sophisticated threats.
- Shows due diligence for government contracts.

Features:

Assessment Type: Independent Testing
Validation: Independent Verification
Assurance Level: Enhanced
Best for: Increased Customer Assurance

Which Cyber Essentials Tier is Right for Your Business?

Secarma offers three tiers of Cyber Essentials certification to meet your specific needs and budget:

Tier 1: Core Protection

Your cybersecurity foundation:

Cyber Essentials Certificate:

Demonstrate your commitment to cyber security.

Expert Guidance:

Receive expert support from our Cyber Essentials consultants.

Peace of Mind:

Be protected from common cyber threats.

Tier 2: Enhanced Security

All the benefits of Tier 1, plus:

Gap Analysis:

Identify and address security gaps in your systems.

Phishing Simulation:

Test staff on recognising and avoiding phishing attacks.

Cyber Security Training:

Educate employees on cyber security best practices.

Advanced Assessment:

Get a comprehensive cyber security assessment.

Tier 3: Premium Protection

All the benefits of Tier 2, plus:

Bespoke Security Training:

Tailored training that addresses specific security needs.

Quarterly Vulnerability Scans:

Regularly scan your systems for vulnerabilities.

Pricing

Secarma's pricing is based on the size of your business and the tier you choose. We can also offer flexible monthly payment options.

Cyber Essentials Basic packages from £320 or £29.30 PCM.

Bundled Packages

Secure greater value from our combined Cyber Essentials Basic & Plus (Tiers 1, 2, and 3) services for a discounted rate. Our experts will help you build the perfect bundle for the needs of your business.
